

# RESILIENT MOUNT SNUBBERS

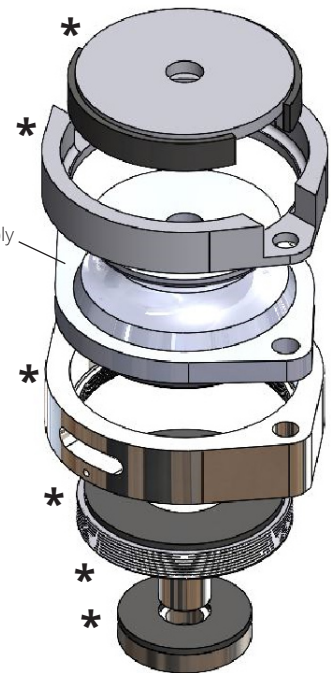

Maxim Watermakers manufactures resilient mount snubbers to Navy Standard Drawing 112-1889944 for use in conjunction with equipment being furnished by Maxim for DDG 51 Flight III. Maxim has developed the capabilities to manufacture resilient mount snubbers, for machinery mounts, to the following Navy Standard Drawings:

- 112-1889946
- 112-1889949
- 112-1889943
- 112-1889942
- 112-1889944

6E2000 Resilient Mount is part of the mount assembly and is manufactured by a 3rd Party
