Seller agrees to: (1) obtain an identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause; and (2) maintain such certifications in its files. The penalty for making a false representation is prescribed under 18 U.S.C. 1001 and any such false representation shall be a material breach of this Purchase Order.

These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability. Seller shall provide this notice to each of its EU employees who provide personal information to Buyer.
- 8. SUSPECT/COUNTERFEIT PARTS**
- a. “Suspect/counterfeit parts” are electronic parts that may be of new manufacture, but are misleadingly labeled to provide the impression they are of a different class or quality or from a different source than is actually the case. The term “suspect/counterfeit parts” also includes refurbished electronic parts, with or without false labeling, that are represented as new parts or any parts that are designated as suspect by the U.S. Government, including but not limited to parts listed in alerts published by the Defense Contract Management Agency under the Government-Industry Data Exchange Program (GIDEP).
 - b. Seller will ensure that suspect/counterfeit parts are not incorporated into any Goods. Notwithstanding any other provision of this Purchase Order, Seller shall be liable for all costs incurred by Buyer to remove and replace the suspect/counterfeit parts, including without limitation all costs incurred by Buyer relating to the removal of such suspect/counterfeit parts, the reinsertion of replacement parts and any testing necessitated by the reinstallation of Seller's Goods after suspect/counterfeit parts have been exchanged. The parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate authorized for change-order activity. All such costs shall be deemed direct damages.
- e. Buyer may, at its discretion:
 - i. Remove and/or retain all Goods supplied by Seller that are suspected of being or containing suspect/counterfeit parts pending reporting to the appropriate law enforcement authorities and final disposition of the Goods by them. Seller shall be liable for all costs relating to Buyer's removal and retention of the suspect/counterfeit parts.
 - ii. Turn over to the appropriate authorities (e.g., without limitation, the Defense Criminal Investigative Service, Naval Criminal Investigative Service, Federal Bureau of Investigation, Offices of the Inspector General, etc.) any Goods suspected of being or containing suspect/counterfeit parts and reserves the right to withhold payment for the Goods pending the results of any investigation or proceedings related to the matter.

 - (2) Written documentation about the source of Conflict Minerals in the Product(s) that provides substantively similar information to that requested by the GeSI CMRT.
 - c. If the status of any Product(s) changes during performance of this Purchase Order so that the representation or information provided pursuant to paragraph (a) of this provision is no longer accurate, then Seller must within 30 days complete and submit updated, accurate and current information to Buyer.
 - d. If Buyer determines that any representation made by Seller pursuant to this provision is inaccurate or incomplete in any respect, or Seller fails to timely submit the information required by this provision, then Buyer may, at its option, either withhold up to 10% of the Purchase Order price until such information is provided or terminate this Purchase Order pursuant to the provision of this Purchase Order titled “Termination for Default.”

As part of the system, Seller shall prepare records evidencing all inspections made under the system and the outcome. Buyer or Buyer's customer shall have the right to perform reviews and evaluations as reasonably necessary to ascertain Seller compliance with an inspection or quality control system that is acceptable. The right of review, whether exercised or not, does not relieve Seller of its obligations under this Purchase Order.

-
- b. Buyer or Buyer's customer has the right to inspect and test all Goods to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. Buyer assumes no contractual obligation to perform any inspection and test for the benefit of Seller. If Buyer or Buyer's customer performs an inspection or test on the premises of Seller or a subcontractor of Seller, Seller shall furnish, and shall require its subcontractors to furnish, at no increase in Purchase Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspection and test. Buyer reserves the right to charge to Seller any additional cost of inspection or test by Buyer or Buyer's customer when (1) Goods are not ready at the time such inspection or test is required by this Purchase Order or has been otherwise scheduled by mutual agreement of the parties, or (2) reinspection or retest of the Goods is necessitated by prior rejection.
 - c. Buyer has the right either to reject or to require correction of nonconforming Goods.  - d. Seller shall remove Goods rejected or required to be corrected; however, Buyer may require or permit correction in place, promptly after notice, by and at the expense of Seller. Seller shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.
 - e. Seller, at its own expense, shall promptly rectify any defects discovered during any inspection or test.
 - f. If Seller fails to promptly remove, replace, or correct rejected Goods that are required to be removed or to be replaced or corrected, Buyer may either:
 - i. Remove, replace, or correct the Product(s) and charge the cost to Seller;
or

If Buyer elects to correct the deficiencies in the Product(s), then the parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate set authorized for change-order activity. If Seller fails to correct or replace the Product(s) within the delivery schedule, Buyer may require their delivery with an equitable price reduction. Failure to agree to a price reduction shall be a dispute.
 - h. Goods that have been reworked or repaired by Seller after having been rejected by Buyer shall be identified as "Resubmitted." Seller shall annotate the packing slip with the words "Resubmitted Material," the reason for the previous rejection, and the Buyer Inspection Report, Discrepancy Report, or Quality Notification Number if known. - d. For all deficiencies as to which notice is given during the warranty period, Seller shall, at Buyer's option and at no cost to Buyer, repair or replace the affected Goods or re-perform the affected service. If Seller fails to remedy the deficiency within a reasonable time after having been notified of the deficiency, Buyer may, at its option, remedy the deficiency by contract or otherwise and charge to Seller any increased costs incurred by Buyer or Buyer's customer or make an equitable reduction in the price of this Purchase Order. If Buyer elects to correct the deficiencies in the Product, then the parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate set authorized for change-order activity.
- e. Buyer's approval of any documentation prepared by Seller or Buyer's participation in design reviews or first article approval process or similar reviews shall not relieve Seller of any obligation under this warranty.

Buyer's sole obligation to Seller in the event of such a termination for convenience shall be to pay Seller a percentage of the Purchase Order price corresponding with the percentage of the terminated work actually performed prior to the notice of termination, plus Seller's reasonable expenses incurred as a direct result of the termination. No amount will be allowed for anticipated profit on the terminated work. The amount paid shall be reduced by the reasonable resale or salvage value of any undelivered work or uncompleted work in progress. Seller shall submit to Buyer supporting documentation in sufficient detail to justify any termination payments requested from Buyer. Seller will not be paid for any work performed or costs incurred after termination that could reasonably have been avoided.

20. SUSPENSION OF WORK. Buyer may, by written notice, suspend work under this Purchase Order whenever Buyer's customer, at the direction of the U.S. Government, suspends work under the contract between Buyer and its customer that is within the scope of work of this Purchase Order. Upon receipt of such notice, Seller shall immediately comply with its terms and, during the work suspensions, take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the suspension notice. If the suspension of work ordered under this provision results in an increase in the time required for, or in Seller's cost properly allocable to the performance of any part of this Purchase Order, Buyer shall make an adjustment in the delivery schedule or Purchase Order price or both. Seller shall assert its right to an adjustment no later than 15 days after the work suspension is lifted.

21. PROPERTY OF BUYER, BUYER'S CUSTOMER, OR GOVERNMENT

Excluding property authorized to be consumed in the performance of this Purchase Order, Seller shall return such property in as good a condition as when received except for reasonable wear and tear, or in the case of property to be overhauled or repaired, in such better condition as may be required by the terms of this Purchase Order. Seller shall control and maintain Government, Buyer, or Buyers' customer furnished property in accordance with a system that meets the requirements of FAR 52.245-1.

Seller shall not modify, cannibalize, or make alterations to the furnished property unless this Purchase Order specifically identifies the modifications, alterations or improvements as work to be performed.
- c. Buyer, Buyer's customer, or Government shall retain title to all furnished property. - d. Seller shall immediately discharge any lien, other than a lien held by Buyer, Buyer's customer, or the Government on furnished property.
- e. The requirements related to accounting for furnished property also shall apply to scrap generated from Seller's use of such property, provided, however, that Buyer may authorize or direct Seller to omit such scrap from inventory disposal schedules.

- b. Seller will treat all Proprietary Information transferred in connection with this Purchase Order, all copies of Proprietary Information, and all improvements, modifications, and derivations of Proprietary Information, as Buyer's property regardless of the medium on which such Proprietary Information is stored or communicated. In making copies of Proprietary Information, Seller will preserve any legend, marking, or stamp contained on the Proprietary Information that identifies the data as Buyer's Proprietary Information. Unless otherwise provided in this Purchase Order, Seller further agrees to affix the following legend "Fairbanks Morse Private/Proprietary Level I" on:

- d. If a separate proprietary information or non-disclosure agreement relating to the subject matter of this Purchase Order exists between the Parties, all data, knowledge and information furnished by one Party to the other Party shall be protected pursuant to such proprietary information or non-disclosure agreement.
- e. If no separate proprietary information or non-disclosure agreement exists between the Parties, Seller will keep Buyer's Proprietary Information confidential and, except as provided herein, (i) not disclose such Proprietary Information to any other person except to its officers, agents and employees who are under an obligation to keep such Proprietary Information confidential and have a need to know such Proprietary Information to fulfill Seller's obligation under this Purchase Order, and (ii) treat such Proprietary Information with the same degree of care as Seller uses in handling its own proprietary or confidential information and – in all events – with not less than reasonable care. Seller will use Buyer's Proprietary Information only for purposes necessary for performing this Purchase Order and will return Proprietary Information to Buyer upon completion of the work to be performed under this Purchase Order unless Buyer expressly agrees to the contrary in writing.
- f. Unless otherwise provided in DFARS 252.227-7013 or 252.227-7014 or 252.227-7015 or 252.227-7016, or in FAR 52.227-14 or if no separate proprietary information or non-disclosure agreement exists between the Parties, no information furnished to Buyer (whether documentary, oral, visual or otherwise) shall be considered confidential or proprietary or require any particular handling or precaution or have any restriction on Buyer's right to use, modify, reproduce, perform, display, release, or disclose such information in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.
- g. Upon discovery by Seller of any inadvertent or accidental disclosure of Buyer's Proprietary Information, Seller shall notify Buyer promptly and take all commercially reasonable steps to retrieve such disclosed Proprietary Information and to cease and prevent any further disclosure of the Proprietary Information.
- h. As used herein, Proprietary Information shall not include information that (i) was known by Seller prior to disclosure by Buyer, (ii) is or becomes generally available to the public other than by means of breach by Seller of the terms hereof, (iii) Seller receives from a third party that is not subject to any confidentiality obligation to Buyer, or (iv) that Seller develops on its own without reference to any Proprietary Information. In addition, Seller shall not be deemed in breach of the provisions hereof to the extent it is required to dispose any Proprietary Information pursuant to law or court order (in which Seller shall provide prompt written notice to Buyer of such obligation).

Seller shall, at its own cost, defend Buyer against such Claims, and, it shall pay Buyer's reasonable attorney fees and expenses, related to carrying out and enforcing the terms of this provision, as those costs are incurred. Buyer has the right, at its expense, to conduct such defenses if it so chooses.

24. ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE.

- a. Performance under this Purchase Order may require that Seller have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, Seller shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Government's Contracting Officer. Upon modification of the Prime Contract by the Government, Buyer may correspondingly unilaterally modify this Purchase Order to list those third parties with which Seller has agreement(s).
- b. Seller agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Seller personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venture, affiliate, successor, or assign of Seller; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.
- c. The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which Seller has access in the performance of this Purchase Order that contains proprietary or other restrictive markings.

- d. Seller agrees that it will promptly notify Buyer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this Purchase Order to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

No copy-protection devices, codes, or systems shall be used that would prevent Buyer or Buyer's customer from copying delivered software and/or data; however, a license agreement or other Purchase Order terms may specify a maximum number of copies that may be made. Any limited rights or other legend(s) permissibly applied under this Purchase Order shall be digitally included on the same media as the delivered software and/or databases, and also displayed in human-readable form on a visible surface of the media carrying the digital software and/or databases.

26. LIMITATION OF LIABILITY

- a. If invoked specifications and standards permit other materials in lieu of these materials, they shall be used.

28. INDEMNIFICATION - THIRD PARTY CLAIMS. Seller shall indemnify and hold harmless Buyer, Buyer's parent and affiliates, Buyer's customer, and their respective directors, officers, and employees (collectively, for the purposes of this provision, "Buyer"), from and against any and all third party claims for personal injury or property damage to the extent caused by the acts the acts and omissions of Seller, its employees, subcontractors, or agents, in their performance of this Purchase Order. Seller shall, at its own cost, defend Buyer against such claims, losses, and liabilities, and, it shall pay Buyer's reasonable attorneys' fees, and expenses, related to carrying out and enforcing the terms of this provision, as those costs are incurred. Upon the happening of any circumstances or causes aforesaid, the affected party shall notify the other party as soon as possible in writing. Any relief shall be limited to an extension of delivery dates or times of performance to the extent caused thereby.

31. INDEPENDENT CONTRACTOR. Seller is an independent contractor. Seller shall:

Additionally, Seller shall not use Buyer's name or in any other way identify Buyer in any advertisement, display, news release, or other public disclosure without Buyer's prior written consent.

Seller shall, in all cases involving subcontracts that contain air circuit breakers for switchboards, give advance notification to Buyer and obtain written consent of the Buyer prior to placing any such subcontract. 37. ACCESS TO VESSELS BY NON-U.S. CITIZENS

- a. No person not known to be a U.S. Citizen shall be eligible for access to naval vessels, work sites and adjacent areas when said vessels are under construction, conversion, overhaul, or repair, except upon a finding by COMNAVSEA or his designated representative that such access should be permitted in the best interest of the United States. Seller shall establish procedures to comply with this requirement and NAVSEAINST 5500.3 (series) in effect on the date of this Purchase Order.
- b. If Seller desires to employ non-U.S. citizens in the performance of work under this Purchase Order that requires access as specified in paragraph (a) of this requirement, approval must be obtained prior to access for each Purchase Order where such access is required. To request such approval for non-U.S. citizens of friendly countries, the Seller shall submit to Buyer, an Access Control Plan (ACP) that shall contain as a minimum, the following information:
 - i. Badge or Pass oriented identification, access, and movement control system for non-U.S. citizen employees with the badge or pass to be worn or displayed on outer garments at all times while on the Buyer's facilities and when performing work aboard ship.
 - (1) Badges must be of such design and appearance that permits easy recognition to facilitate quick and positive identification.
 - (2) Access authorization and limitations for the bearer must be clearly established and in accordance with applicable security regulation and instructions.
 - (3) A control system, which provides rigid accountability procedures for handling lost, damaged, forgotten or no longer required badges, must be established.
 - (4) A badge or pass check must be performed at all points of entry to the Buyer's facilities or by a site supervisor for work performed on vessels outside the Buyer's plant.
 - ii. Seller's plan for ascertaining citizenship and for screening employees for security risk.

-
- iii. Data reflecting the number, nationality, and positions held by non-U.S. citizen employees, including procedures to update data as non-U.S. citizen employee data changes, and pass to cognizant CAO.
 - iv. Seller's plan for ensuring subcontractor compliance with the provisions of the Seller's ACP.
 - v. These conditions and controls are intended to serve as guidelines representing the minimum requirements of an acceptable ACP. They are not meant to restrict the Seller in any way from imposing additional controls necessary to tailor these requirements to a specific facility.
- c. To request approval for non-U.S. citizens of hostile and/or communist- controlled countries (Listed in Department of Defense Industrial Security Manual, COC 5220.22M or available from cognizant CAO), Seller shall include in the ACP the following employee data: name, place of birth, citizenship (if different from place of birth), date of entry to U.S., extenuating circumstances (if any) concerning immigration to U.S., number of years employed by Seller, position, and stated intent concerning U.S. citizenship. COMNAVSEA or his designated representative will make individual determinations for desirability of access for above group. Approval of ACP's for access of non-U.S. citizens of friendly countries will not be delayed for approval of non-U.S. citizens of hostile communist-controlled countries. Until approval is received, Seller must deny access to vessels for employees who are non-U.S. citizens of hostile and/or communist-controlled countries.
 - d. Seller shall fully comply with approved ACPs. Noncompliance by the Seller or subcontractor serves to cancel any authorization previously granted, in which case the Seller shall be precluded from the continued use of non-U.S. citizens on this Purchase Order until such time as the compliance with an approved ACP is demonstrated and upon a determination by the CAO that the Government's interests are protected. Further, the Government and Buyer reserve the right to cancel previously granted authority when such cancellation is determined to be in the Government's or Buyer's best interest. Use of non-U.S. citizens, without an approved ACP or when a previous authorization has been canceled, will be considered a violation of security regulations. Upon confirmation by the CAO of such violation, this Purchase Order may be terminated.
 - e. Seller shall have full responsibility for the proper administration of the approved ACP for all work performed under this Purchase Order, regardless of the location of the vessel, and must ensure compliance by all of its subcontractors, technical representatives and other persons granted access to U.S. Navy vessels, adjacent areas, and work sites.
 - f. In the event Seller does not intend to employ non-U.S. citizens in the performance of the work under this contract, but has non-U.S. citizen employees, such employees must be precluded from access to the vessel and its work site and those shops where work on the vessel's equipment is being performed. The ACP must spell out how non-U.S. citizens are excluded from access to contract work areas.

- g. The same restriction as in paragraph (g) above applies to other than non-U.S. citizens who have access to the Buyer's facilities (e.g., for accomplishing facility improvements, from foreign crewed vessels within its facility, etc.).

38. IDENTIFICATION MARKING OF PARTS (applicable only to Purchase Orders for Coordinated Shipboard Allowance List (COSAL) items). Identification marking of individual parts within the systems, equipments, assemblies, subassemblies, components, groups, sets or kits, and of spare and repair parts shall be done in accordance with applicable specifications and drawings. To the extent identification marking of such parts is not specified in applicable specifications or drawings, such marking shall be accomplished in accordance with the following:

When a contract line item identified under a single stock number includes an assortment of related items such as kit or set components, detached parts or accessories, installation hardware or material, the packing list(s) shall identify the assorted items. Where assortment of related items is included in the shipping container, a packing list identifying the contents shall be furnished.
- c. Master Packing List. In addition to the requirements in paragraph (b) above, a master packing list shall be prepared where more than one shipment, shipping container or palletized unit load comprise the contract line item being shipped. The master packing list shall be attached to the number one container and so identified.

Data included in inspection and test records shall be complete and accurate, and shall be used for trend analysis and to assess corrective action and effectiveness.

42. LOGISTIC SUPPORT REQUIREMENT.

- a. This requirement applies whenever the contract specifications, by reference to a Military Specification or otherwise, specify repair parts or stock components (hereinafter called "repair parts") for a ship component or item of equipment.
- b. With respect to ship components or equipments manufactured other than in the United States and Canada, Seller agrees that, in addition to any other data required by this Purchase Order, it will furnish under this Purchase Order sufficient data so that the repair parts can be reproduced in the United States or Canada unless the suppliers of the ship components or equipments shall have made arrangements satisfactory to Seller and approved by Buyer and the authorized representative of Buyer's customer for the manufacturing of repair parts in the United States or Canada. For the purpose of this requirement, "sufficient data" shall mean detail drawings and other technical information sufficiently extensive in detail to show design, construction, dimensions, and operation or function, manufacturing methods or processes, treatment or chemical composition of materials, plant layout and tooling. All data shall be in the English language and according to the United States system of weights and measures, and drawings for components, assemblies, subassemblies and parts protected by U.S. patents shall contain a prominent notation to that effect fully identifying the patent or patents involved, and bearing the Prime Contract number of Buyer's customer.
- c. In order to satisfy the requirements of paragraph (b) above, unless Seller or Seller's supplier of the ship components or equipments shall have made arrangements, satisfactory to Seller and approved Buyer and the authorized representative of Buyer's customer, for the manufacture of such repair parts in the United States or Canada, Seller and Seller's subcontractors shall both provide and shall include in all subcontracts for the purchase of ship components or equipments from foreign sources this clause that hereby grants to the United States Government for a period of seven (7) years, "Government Purpose Rights" (as defined in paragraph (a)(13) of the clause of this Order entitled "RIGHTS IN TECHNICAL DATA – NONCOMMERCIAL ITEMS" (DFARS 252.227-7013)) in all technical data necessary to manufacture spare and repair parts for such components or equipments.

43. ADJUSTMENTS RELATING TO DEFECTS. In the event of a defect for which Seller is responsible pursuant to the Warranty clause of this Purchase Order that Seller fails to adequately remedy pursuant to the terms of the Warranty clause (after being given the full opportunity to do so) and as a consequence the Government demands the processing of a specification waiver with the Government and/or results in a price adjustment under Buyer's customer's Prime Contract, Seller will be liable to Buyer for the amount of such price adjustment provided that such adjustment is reasonable in light of the nature and severity of the Defect.. Buyer will notify Seller as soon as possible after receipt of notice of any kind from the Navy requiring a repair, correction or Prime Contract withhold or price adjustment relating directly to a Defect, and shall provide Seller with the opportunity to join in any communications or meetings with the Government in respect of any such Defect. Seller agrees to pay any invoice from Buyer to reimburse a Prime Contract price adjustment that Seller is liable for under this paragraph within 10 business days of receipt. Should any repair or correction of such Defect be required, Seller agrees to promptly commence such repairs pursuant to the Warranty clause of this Purchase Order.

44. STANDARDIZATION. Seller shall furnish and/or employ standard components/equipment in accordance with the requirements of this Purchase Order. Where equipment or components identical to those used on previous LHA 6 Class ships are required by this Purchase Order but are not reasonably available, Seller shall select hull, mechanical, and electrical components for approval by Buyer in the following order: (1) common within the ship, (2) common for application within the LHA 6 Class, and (3) common with equipment/components currently installed in U.S. Navy ships. If at any time during the performance of this Purchase Order, should Seller believe that the use of non-standard components/equipment is necessary or desirable, it shall notify Buyer immediately, in writing, including the reasons therefore and proposing any consideration that will flow to Buyer, Buyer's customer, or the Government if authorization to use such supplies is granted; provided, however, that non-standard components/equipment shall not be furnished without the prior written approval of Buyer.

 - ii. When the technical requirements of this Purchase Order require –
 - (1) Control of such things as design, work operations, in-process control, testing, and inspection; or
 - (2) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

46. CONTINUING TERMS AND SEVERABILITY. If any provision in this Purchase Order is or becomes void or unenforceable by force or operation of law, all other provisions shall remain valid and enforceable.

47. NON-WAIVER. Buyer’s failure at any time to enforce any provision of this Purchase Order shall not constitute a waiver of the provision or prejudice Buyer’s right to enforce that provision at any subsequent time against Seller. No payment made shall be deemed an acceptance or approval of any defective or unsatisfactory material or workmanship, or a waiver of Buyer’s right to later reject the same. Any and all of the rights and remedies conferred upon Buyer under this Purchase Order shall be cumulative and in addition to, and not in lieu of, the rights and remedies granted by law for Seller’s breach of contract.

48. BANKRUPTCY. In the event Seller enters into proceedings relating to bankruptcy or insolvency, whether voluntary or involuntary, Seller agrees to furnish to Buyer, by certified mail, written notification of the bankruptcy or insolvency proceeding. This notification shall be furnished within five days of the initiation of such proceedings, and shall include the date of filing, the identity of the court in which the petition was filed, and a listing of all of Buyer’s Purchase Orders against which final payment has not been made. This obligation remains in effect until final payment under this Purchase Order. In the event Seller enters into proceedings relating to bankruptcy or insolvency, whether voluntary or involuntary, ceases operations, or fails to respond to notices under this Purchase Order, Buyer may, at Buyer’s sole discretion, pay to Seller’s subcontractors at any tier those amounts Seller owes to such subcontractors under this Purchase Order to obtain such subcontractor’s performance owed to Seller in connection with this Purchase Order and Buyer shall be entitled to set-off such amounts Buyer pays to such subcontractors from any amount owed to Seller under this Purchase Order.

49. PROGRAM MANAGEMENT.

- a. When requested by Buyer, Seller will develop and maintain in a form acceptable to Buyer, a comprehensive Program Management Plan (“PMP”). At its election, Buyer may provide at no cost to Seller assistance in the development of the PMP.
- b. The PMP will contain a comprehensive activity-based schedule for all major software/hardware deliverables required by this Purchase Order. Seller shall update the PMP at regular intervals but no less than monthly to ensure its currency.
